INTERPERSONAL SKILLS

Thinking: Problem Solving, Solution Seeking, Logical + Creative
Social: Collaborative, Rapport Developing, Leadership Tendencies
Attributes: Respectful, Humorous, Encouraging, Courteous, Continually Learning

EXPERIENCE

.NET ARCHITECT/DEVELOPER (https://github.com/CalvinMann/Alfred)
Intellisense LLC dba Alfred - Las Vegas, NV   **2017 - Current**

- Utilized Domain Driven Design(DDD) in creation of business entities, value objects, and ubiquitous language
- Followed Test Driven Design guidelines to ensure completeness of entities and business logic
- Designed project layout using Clean Architecture principals for code readability and maintainability
- Used .Net Core Web Api and MVC to aid in the creation of the UI layer
- Developed code base using SOLID principals to ensure extensibility, scalability and maintainability.
- Worked with Async/Await methods to ensure total scalability and user satisfaction in application response
- Designed infrastructure layer using Entity Framework and loosely coupled logic with application abstractions
- Integrated IoC library to make full usage of Dependency Injection
- Built application services by utilizing CQRS pattern to ensure single responsibility and separation of concerns

- Worked with AutoMapper to create DTOs for middleware components
- Utilized 3rd party libraries (Twilio, Hangfire, AutoMapper)
- Deployed to Azure

FOUNDER / WEB DEVELOPER
Intellisense LLC dba RideWhisk - Las Vegas, NV   **2016 - 2017**

- Personally invested the startup capital to purchase vehicle, web presence, advertising
- Built relationships in the Limo, Tour, and Charter Industry for partnering opportunities
- Created online presence and social media content
- Led digital marketing strategies
- Invested time into product market fit using online testing methods
- Ran daily operations as well as drove charter clients
- Created contracts and sold services to businesses and consumers

LEAD SOFTWARE DEVELOPER
Digital Alchemy - Las Vegas, NV/Seattle, WA   **2009 - 2016**

- Skillfully architect modular code solutions for multi-file importing, exporting and data manipulation
- Effortlessly lead small team of developers utilizing exceptional time management and delegation skills
- Continuously meet release deadlines by developing flexible code using agile practices and design patterns
- Constructively collaborate with teams remotely using GoToMeeting and internet conferencing
- Staunch communicator and liaison between many different nationalities of developers
- Active and instrumental in the success of multi-million dollar contracts
- Consistently seek additional responsibilities with motivation and confidence
- Proudly hold the title of longest employed employee with multiple promotions and raises

DEVELOPER/ FOUNDER (https://github.com/CalvinMann/SimpleSqliteAPI)
Intellisense LLC dba SimpleSqlite - Seattle, WA   **2014**

- Created a sqlite ORM for .Net Developers to speed up and simplify sqlite usage
- Automated payment, licensing, and email marketing systems
- Utilized ASP.Net to build website and MS SQL for customer database
- Added documentation and video for end users

EDUCATION

JOHN F KENNEDY UNIVERSITY
Las Vegas, NV   **2011**

- Certificate of Entrepreneurship

COLLEGE OF SOUTHERN NEVADA
Las Vegas, NV   **2010**

- Associates of Arts. Emphasis On Computer Science

TECHSKILLS CERTIFICATION SCHOOL
Las Vegas, NV   **2009**

- Microsoft Certifications

HOBBIES

Camping, Motorsports, Boating, Working Out, Socializing, Networking
Reading/Learning, Coding, Traveling

VOLUNTEER WORK

Big Brother Big Sister, Member

SOFTWARE DEVELOPMENT CLUBS

DemoDay, Member
